**ANNOUNCEMENT
of Request for Quotation**

1. Announcer's name and address:

Name: Pass Polska sp. z o.o.

Address: ul. Reymonta 19, 38 – 500 Sanok

Telephone: 13 46 87 100

Fax: 13 46 30 462

E-mail: biuro@pass.com.pl

2. Subject of the Request for Quotation

Type of contract:

Delivery

Service

Construction work

Robotic automation of the Ajax Tocco induction soldering iron. Soldering is done in two stages. In the first stage, the tube and socket are soldered, and in the second stage soldered are the tube soldered in the first stage and the plate.

Robot's tasks:

1) collecting input elements for the process and assembly in soldering chambers

2) removing elements from the soldering chambers after the process: the element from the first chamber goes to the second chamber and the element from the second chamber reaches the cell's output field.

Input Material

Profiled metal tubes:

- construction (black) steel with diameters 10 +/- 0.1 mm and wall thickness 0.9 to 1.1 mm

Output Material

Processed input material according to the pre-set work program.

The subject of the order will be implemented under the project *Robotisation of the OCK product soldering station* as part of a competition under the National Recovery and Resilience Plan (NRRP)

Component A *"Resilience and competitiveness of the economy"*

Specific goal: A2. *Development of the national innovation system: strengthening coordination, stimulating innovation potential and cooperation between enterprises and research organisations, including in the field of environmental technologies*

Reform: A2.1. *Acceleration of robotisation, digitisation and innovation processes*

Investment: A2.1.1. *Investments supporting robotisation and digitisation in enterprises*

Main CPV code: 42000000-6

Additional CPV codes: 4290000-2
